

Focus on Religious Freedom www.cffor.org

Religious Freedom Week in the Catholic Church is June 22-29 As Declared by the United States Conference of Catholic Bishops (USCCB)

Our bishops urge all Catholics to pray, reflect and act to strengthen and preserve America's unique religious freedom. Our founders and generations of Americans supported and fought for each American's right to choose their faith and to exercise that faith freely and openly.

During Religious Freedom Week the bishops ask us to pray for:

- Safety in the sacred spaces where Americans gather to worship
- Those persecuted by unjust blasphemy laws
- Courage from the Holy Spirit to witness the truth of the Gospel in the face of social and legal pressure
- The freedom to help migrants and refugees
- Christians in India who face harassment and violence
- Business leaders to provide a culture of life in their workspaces
- The grace to act with respect for the dignity of each person
- Protection of conscience rights for Catholic health care providers and hospitals
